Customer Reviews

This cookbook is just ok. The recipes are either too simplified or are way too complicated with yucky ingredients like goat cheese and edamame. Just not realistic for everyday cooking.

I needed some ideas for diabetic recipes and this book really helped. I am glad I purchased this great cookbook!

Very nice book, with lots of colored photos of the delicious dinners described. A good value.

Carb count in so many of the recipes were way too high, especially if you're feeding a hungry

husband with diabetes.
