The South Beach Diet Cookbook

Synopsis

The long-awaited cookbook is here! Great food that's good for you--that's the foundation of the South Beach Diet and the reason millions of people around the world have adopted it as their lifelong eating plan, shedding unwanted pounds in the process. Created by leading Miami cardiologist Arthur Agatston, M.D., the diet emphasizes good fats and good carbohydrates, the kind that stave off cravings for unhealthy sugary food and promote long-term weight loss. It's not "diet" food--it's satisfying, flavorful dishes that are good for your health and your waistline. Whether you're already a South Beach Diet success story or brand-new to the program, you'll find a wealth of inspiration in *The South Beach Diet Cookbook* to keep you on track without feeling deprived. The recipes are simple enough to make every day but delicious enough to serve on any occasion: Oatmeal Pancakes, Buttermilk Salmon Chowder, Caribbean Baked Chicken with Mango, Grilled Filet Mignon with Roasted Garlic Chipotle Pepper Chimichurri, Mexican Lasagna, Sage and Rosemary Pork, Red Snapper with Avocado Salsa, Thai Vegetable Stir-Fry, and Chocolate Pie with Crispy Peanut Butter Crust. Each recipe is marked "Phase 1," "Phase 2," or "Phase 3," so you'll know immediately where it falls in the diet; there are also 25 all-new recipes from the top chefs and restaurants in Miami. Illustrated with 50 full-color photographs and packed with extras like shopping lists and a pantry guide, *The South Beach Diet Cookbook* is an essential addition to your kitchen shelf.

Customer Reviews

"The Southbeach Diet Cookbook" was written to provide a number of recipes to complement the original "The Southbeach Diet" book. The cookbook opens with an overview of the diet program. It describes the diet though not in the detail of the original book. It explains what you need to do to get your fridge and pantry 'southbeach' friendly. It explains what is allowed in terms of diary, meat, oils, pasta, snacks, beverages and more. Next the book has a question/answer session with Dr. Agatston. In this section he updates some of the information from the original book (milk and yogurt are now allowed in phase 1 for example) and he gets into more detailed regarding different types of food. Then comes the core of the book. The recipe categories include breakfasts, appetizers and snacks, soups, salads, side dishes and accompaniments, fish shellfish and poultry, meats, vegetarian entrees and desserts. Each recipe indicates what phase it is appropriate for and many of the recipes are pictured in mouthwatering photographs! Sample recipes include Vegetable Salad with Feta, Homestyle Green Bean Casserole, Pan Seared Pecan Grouper, Whole Wheat Vegetable Lasagna, and Apple and Almond Souffle. Over 200 recipes. One very nice feature is the inclusion of recipes so you can make many of your own condiments. Unfortunately ketchup, barbecue sauce and many other "toppers" are laden with high fructose corn syrup. So Dr. Agatston includes the details on how you can make your own. Overall the quality of recipes is very good. The one negative I have is the total avoidance of sugar and reliance on sugar substitutes. I would rather use real sugar in moderation than sugar substitutes like aspartame.
