Customer Reviews

The page is divided into 3 sections horizontally. One section each for breakfast, lunch and supper. The pages are made so one can interchange different days menus. Each recipe suggested is on the page. Sometimes I run out of ideas for making different foods and this fills the void.

I bought this to give as a birthday gift to a very good friend. It was highly recommended by several friends this is one of several in a series / makes diabetic planning understanding a snap, and interesting! I love mine!

This was the first diabetic cookbook I ever had and I used it all the time. Receipes are easy to make and everything I made was very good I even my family liked what I made. I will be buying more of these easy to use books.

Great book to make fast and easy meals.
