Customer Reviews

Just some very good advice that worked.

This book has been a life saver, time saver and money saver. I have three girls and headline has always been an issue. I have tried all the "myth" ideas and found none worked. Now I'm finding those same myths in this book telling me not even to bother with them. Wish I had this before I had kids. Could have saved me a lot of trouble. But I have it now and have tried a couple things in the book that actually work! Thank God! I want to thank the author for writing this book. I know it will be very helpful to anyone who reads it.
